UEI: Y5TVZ46ZHLT1 | CAGE: 226B8 | James Babumba, Founder & President | jimbabumba@salidefensesolutions.com | salidefensesolutions.com

ABOUT

Sali Defense Solutions LLC (SDS) is an SBA-certified Service-Disabled Veteran-Owned Small Business built as a multi-category federal supplier — backed by firsthand government purchasing experience and hands-on technical requirements development.

SDS applies the same discipline to every requirement, technical or non-technical: confirm the specification, identify qualified sources, verify compliance, and deliver on time with the documentation the customer needs.

CORE COMPETENCIES

General Supply & Commercial Products. Multi-category sourcing of commercial and mission-support products — industrial supplies, tools, hardware and fasteners, storage and cabinets, fitness equipment, textiles, facility supplies, office products, and related government requirements.

IT Hardware & Network Infrastructure. Enterprise computing, switches, routers, firewalls, optics, cabling, UPS/power, racks, peripherals, and related infrastructure.

Software & Licensing. Enterprise software, subscriptions, support agreements, and network/security monitoring and management licensing.

Technical Sourcing & BOM Development. Requirements analysis, specification validation, part-number research, BOM development, compatibility review, lifecycle planning, and vendor coordination.

Federal Procurement & Strategic Sourcing. End-to-end sourcing across technical and non-technical requirements — solicitation review, manufacturer/distributor engagement, quote development, compliance review, order coordination, and receiving documentation.

CREDENTIALS

Cisco CCNA | CompTIA Security+ | Network+ | Microsoft AZ-900 | AZ-104 | SC-900 | AWS Certified Cloud Practitioner

Founder holds an active TS/SCI clearance.

DIFFERENTIATORS

- **Buyer + Engineer Perspective** — firsthand experience as both a government purchaser and a defense network engineer developing procurement-ready technical requirements.
- **Technical Requirements, Not Just Part Numbers** — practical grounding in switching, routing, firewalls, optics, licensing, power, accessories, compatibility, and lifecycle needs.
- **SDVOSB Sole-Source Eligible** — eligible for direct federal awards up to \$5M (non-manufacturing NAICS) under FAR 19.1406, ahead of competitive set-asides.
- **Cleared Founder** — active TS/SCI clearance.
- **Owner-Direct Execution** — every requirement receives direct founder involvement, from quote to delivery.

FEDERAL COMPLIANCE & STATUS

- SBA VetCert SDVOSB — **ACTIVE**; sole-source eligible to \$5M under FAR 19.1406
- SBA VetCert VOSB — **ACTIVE**
- SAM.gov — **ACTIVE**, registered for All Awards (exp. 06/24/2027)
- DLA DIBBS — active vendor, authorized quoting CAGE
- PIEE / WAWF capable
- UEI Y5TVZ46ZHLT1 | CAGE 226B8
- Virginia SWaM — application #846918 pending certification review
- TAA (FAR 52.225-5) and NDAA §889 compliance reviewed for every applicable quote

TECHNOLOGY COVERAGE

- Networking & Security: Cisco | Palo Alto Networks | Juniper | Fortinet
- Compute & Infrastructure: Dell | HPE | Microsoft | APC
- Software & Management: SolarWinds | Splunk | SecureCRT | Tenable/ACAS

Reflects technical familiarity and sourcing focus; OEM/distributor authorization is claimed only when separately documented.

NAICS & PSC

541519 | 423430 | 423690 | 423610 | 541512 | 541614

PSC: 7G21 Network | 7C20 Data Center | 7K20 Storage | 7E20 End-User Computing

ABOUT THE FOUNDER

James Babumba is a U.S. Air Force veteran who served as a Government Purchase Card holder supporting the 92nd Air Refueling Wing, with \$1M+ in government purchasing experience across equipment, supplies, and services. He currently works in defense network engineering, developing and supporting procurement for multimillion-dollar secure network infrastructure requirements. He holds an active TS/SCI clearance and founded SDS to combine firsthand government-buyer experience with hands-on technical requirements development — every quote runs through the founder directly.

MISSION REQUIREMENTS. TECHNICAL EXPERTISE. FEDERAL PROCUREMENT.
